Skills

JavaScript, jQuery, React, Redux, React Router, CSS, HTML5, Jest, Enzyme, Chai, Object Oriented Programming, Git/Github, Node.js, Node Express

PROJECTS

BBQuest - <https://github.com/tdberg21/bbquest>

AUGUST 2018 - *Built with React, Router, Redux, Node Express and Jest*

BBQuest is an app that allows you to search for BBQ anywhere in the United States, read reviews and see ratings for those restaurants. It also allows you to track restaurants you've tried, what you ate and give them your own personal rating.

Movie-Tracker - <https://github.com/tdberg21/movie-tracker>

JULY 2018 - *Built with React, Router, Redux and Jest*

Movie Tracker is a dynamic application that allows a user to see a list of the most popular movies and a summary of each movie. The user can create an account and add movies to favorites.

SWAPI BOX - <https://github.com/tdberg21/swapibox>

JUNE 2018 - *Built with React and Jest*

SWAPIbox is an application that informs about Star Wars people, planets and vehicles using the Star Wars API. The user can choose which category to view and save cards to a favorites page.

EDUCATION

Turing School of Software & Design, Denver, CO - *Front-End*

MARCH 2018 - SEPTEMBER 2018

National Outdoor Leadership School, Wrangell-St.Elias National Park, AK
